## **Family Tree Template: Tree | Worksheets & Printables ...**

These days, units on the family can include many fun classroom activities, but having children make the traditional family tree is usually no longer one of them. Families come in so many configurations that I feel a tree is no longer a workable way to think about families.

## **We Are Family, Grades 2-3 | Scholastic**

Each family is unique, so why not celebrate your special family ties by creating a family tree. Whether you want to go the traditional route with a basic tree structure, or go for a more eccentric feel like a galactic family tree, any option you choose will be a great school project, family activity or gift to a family member.

I have been teaching grade 2/3 for four years now. Each month I like to have the kids complete an Oral Sharing activity (which used to be called "Show and Tell") that is directly linked to our curriculum. Each student then presents their project on their Special Day; which I assign calendar-style in my Newsletter package.

My Family Tree....2nd grade. After thinking about ourselves, we expanded our connection to the second target, Family. This Art Unit was a wonderful exploration into discovering our roots and, sometimes, connections that we didn't even know we had. The Art Unit's design and instructional sequence is multi-faceted, in which various scaffolded mini-lessons build towards achieving a culminating goal.
