"The Archaeology of Wak'as offers the most clear and insightful exploration of Andean ontologies and notions of the sacred that I have read thus far. The edited volume is masterfully organized and exemplifies current theoretical trends in anthropology. . . . this book belongs on the shelves of any scholar interested in pre-Columbian religion and symbolism."

The Archaeology of Wak'as: Explorations of the Sacred in ...

The argument at this point is how archaeology interprets the meaning of sacred symbols in the concept of spiritualities or religion. Archaeologists may probably disagree about symbols more than anything else they dig up and however we are wasting our time, symbols are important trying to recover mental phenomena archaeologically.

Encountering the Sacred - Archaeology Ireland

This type of footwear belongs to the special category of sacred orthodox clothing linked to holy relics. Both the morphological and aesthetic elements found while studying the cloth slippers of St Dionysius of Zakynthos, enhance this art form and reveal that, as of the 18th century, there are similarities to the slippers of other Saints from the Ionian islands.
