List of Robin Cook Books in Order - Books Reading Order

Robin Cook is the author -- and Coma is the book -- for which the term "medical thriller" was first used. It's a spine-chilling shocker about a crime beyond imagining and the committed young medical student who brings it to light. The surgery was routine -- the kind performed many times a day at Boston's most prestigious hospital.

Cell by Robin Cook, Paperback | Barnes & Noble®

Good story. I have heard that an implant similar to this is already in the works for diabetics. Kinda scary. Interesting references to Obamacare. Love the way Robin Cook takes a current topic and writes a novel about it. I really do need to know what happens to George. When will "Cell 2" be released? Also, love George Guidall's narration.
