Apple's iPad user guide is based on the software you're using, not the iPad you have. This software is called iOS or iPadOS and Apple releases a major update for it each year. Normally people use the latest software version, but older iPads are sometimes limited by their hardware. You can check what software is on your iPad in the Settings.

So Apple, next time just include the User Guide, pre-installed on all iPad devices. I'd even recommend that you open the User Guide as a user does their first login, there should be no hunting. Or, better yet, a series of Videos to demonstrate how to use this fine touch device, because words never caption the simplicity that a video
