Institutional legitimacy means moral legitimacy applied to an institution, as people pass judgment on whether an institution such as the land tenure system fulfils moral criteria. Moral legitimacy means in accord with the rules of an ethic. For example, a government... This is a preview of subscription content, log in to check access.

Moral Legitimacy | SpringerLink

Consider an argument for a free group agency conception of legitimate authority: A legitimately governs B only if B remains a free moral agent over time. B remains a free moral agent over time only if A's governance of B realizes and protects B's external and internal freedom over time.

The Idea of Legitimate Authority in the Practice of ...

Legitimacy, popular acceptance of a government, political regime, or system of governance. The word legitimacy can be interpreted in either a normative way or a "positive" (see positivism) way. The first meaning refers to political philosophy and deals with questions such as: What are the right

Legitimacy | government | Britannica

The agency theory looks to outline the interests of a principal and an agent, which can include an individual and a financial planner. The stakeholder theory suggests there are differences between ...

Agency Theory vs. Stakeholder Theory: What's the Difference?

It is suggested that rational thought and deliberation are prerequisite skills for any agent. In this way, moral agents can discern between right and wrong and be held accountable for the consequences of their actions. Likewise, moral agents have the responsibility to anticipate and avoid causing unjust harm.

Moral Agency - Physiopedia

Lindblom suggests that when a legitimacy gap occurs, there is a threat to the entity's legitimacy and when a disparity, actual or potential, exists between the two value systems, there is a threat to the entity's legitimacy. Dowling and Pfeffer (1975) indicate that legitimacy is a resource on which an organisation is

Allen Buchanan, Political legitimacy and democracy ...

Authority, the exercise of legitimate influence by one social actor over another. There are many ways in which an individual or entity can influence another to behave differently, and not all of them have equal claim to authority. A classic hypothetical example serves to differentiate the term

Authority | Britannica

In moral philosophy, the term legitimacy is often positively interpreted as the normative status conferred by a governed people upon their governors' institutions, offices, and actions, based upon the belief that their government's actions are appropriate uses of power by a legally constituted government.

Legitimacy (political) - Wikipedia

Moral agency is a dual state that encompasses the teacher as a moral person engaged in ethical teaching through professional conduct and, as a moral educator who teaches students with the same core values and principles that he or she strives to uphold in practice (Campbell, 2003).
